Showing love and support for their favorite teams, students participated in Sports day in many ways.

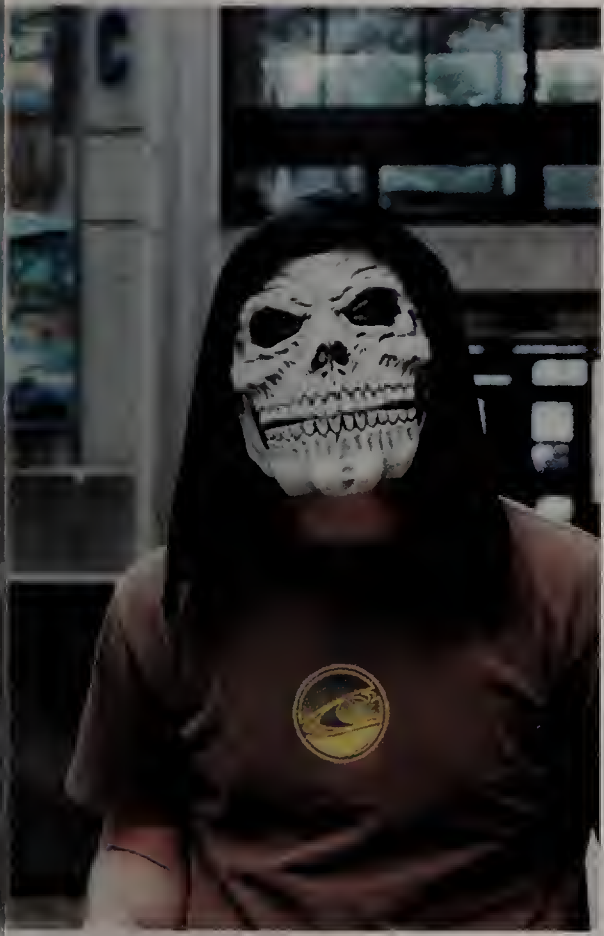
While all of the halls sparkled with spirit, the **SENIOR** hall ruled with it's clothesline full of Nauset jerseys, bursts of ballons, and the trendsetting signs.

Spirit Week '04



Spirit week 2004 was a hit, letting students add some fun into their school week. **Sports day** was a chance to show our Boston Red Sox pride with a few Yankees fans lost in the crowd. 'Giddy Up' we said on Wednesday as we strapped on our stirrups and galloped into the open range of 6A, to the golden land of Nauset. **Cowgirls and Cowboys** strutted their stuff through the halls, laughter echoed at the spirit of it all. Thursday was **Flash Forward** day, making us put our imaginations to the test. As usual we saved the best for last, and wore **black and gold** on Friday to show our Nauset pride. The teachers showed their support for a class of their choice, getting into it as much as the students.

FRESHMEN
2008

The FRESHMAN gave it their all for their first experience with spirit week, decorating with black and gold balloons and lots of spirit.

The SOPHMORES were back for their second year running. They marked their territory, with their hand- prints and '007.

The JUNIORS ran a close race with the seniors this year. They were hoping to steal the victory with their creative hall.

Pep Rally '04

The gym was packed, the people were pumped and pep rally 2005 started with a bang. Seniors rocked the house and got the party going while the field hockey team gave the first skit of the year with a lively impersonation of football senior Ryan Ross, among others. The dance team and the cheerleaders showed us their moves on the dance floor, while Chris Warren showed us some special moves of his own. Who would have thought we would see the Blue Man Group representing the freshmen class, sophomore Shelly Kielb jump out of a box, or DJ Costa also known as Bond, James Bond, or life size bumblebee Dominque Pecce showing her pride. We also had a visit from Colin McGuire as superman and the cast of Saved by the Bell stopped by to represent the seniors. "Kiss my class," was the motto of choice as the seniors took the victory this year after a close, exciting race with the Juniors. 2004 was a year to remember.

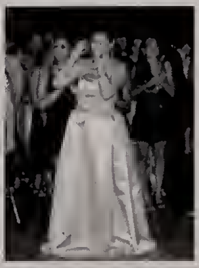
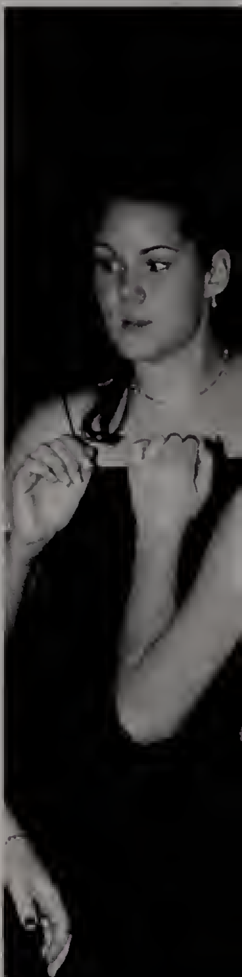
A Night on the Nile



Students danced the night away in the gym that had been transformed into the banks of Egypt. No matter what time of arrival, you couldn't help but notice the shimmer of decorations that had been very carefully prepared by each class. The DJ played hit songs, like Nelly's "Hot in Herre" and the Village People's "YMCA" to let the students get their grooves on.

"So many people were at the dance! It was a blast, just dancing with friends and having a great time!"
K.King



The party really gets started at 8. The dance floor was full as can be, and girls ran around without shoes in a flurry. The guys hung out, along the wall, ready to assist any girl that may call. We danced and danced the night away, and could have partied until the break of day.

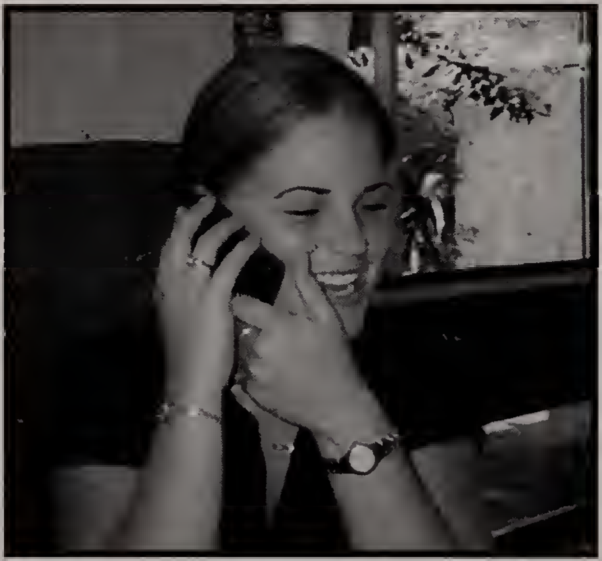
CELL PHONES ON CAMPUS

Preparing for the weekend isn't always easy. It takes days to plan what your going to do, where your going to go, and who you're going with. Thanks to the new cell phone policy on campus, students are often seen multi-tasking while eating lunch, or passing to class.



“I'm not really on the phone...I just want to look cool. and get my picture in the yearbook.”

“We'll be there in 3 seconds. Tell her not to mark us late I don't want a Saturday school.”

Looking back on all our years
Through the memories and the tears.
We're still on our feet,
Class of '05 can't be beat.

Freshman year started out rough,
With the loss of David and 911, we stayed tough.
We were introduced to the real world at Nauset High,
Who would have thought how time would fly.

MCAS tests consumed us as sophomores,
We spent almost two weeks stuck behind doors.
Long hours after school in drivers ed,
Listening "attentively" to all Mr. Cowan said.

Junior year passed by in blurs,
We won spirit week and beat the seniors!
The loss of Ms. Pozgay brought us together,
She was a beautiful woman we'll remember forever.

Finally, it's our senior year, no more wait,
We're on top and we dominate.
We won spirit week one last time,
And our new stadium lights helped us shine.
Homework, classes, SATs, friends,
work, applications, our job never ends.

When it's time to go you know we'll cry.
For all the times we say goodbye.
To our past, this growing up place
Where you always could find a familiar face.
High school was tough but we made it through
Just like a real warrior would do.

We are the class of 2005.

Always think for yourself. Television and most media are filled with liberal bias. Massachusetts is filled with liberal bias. Staying up to date with current events is important, but so is getting unbiased information. Get your information from fair sources, like Fox News, the home of fair and balanced debate. The liberal media was born in its astoundingly biased state and can't help itself; but that's no excuse to believe it. Remember this- the liberal media will corrupt you!

The elapse of time always seems shorter when you think about it. At this time we seem to find ourselves on the edge of some great divide in life, not knowing exactly what lies beyond. To move away from the world where so much of your heart and soul lie, is not easy on the heart. But that is life. What brings me hope is knowing that I have fulfilled my debt to Nauset and hopefully have taught others to challenge themselves. Success comes from challenging yourself and listening to your own heart. Thanks Mom and Dad.

SWS

Junior & Senior

First Light SWS at Nauset High School is an alternative to the traditional classroom learning style. Hands-on work and class interaction are a few of the many reasons why this program is loved by the students. This comfortable and friendly atmosphere creates many new friendships from diverse groups of students. Equally as important is the way the teachers conduct the classes which makes the learning environment very captivating and interesting.

Senior SWS Facing History and Ourselves and World Studies field trips:
~Skiing~Ice Skating~Holocaust Memorial in Boston~Boston Museum of Fine Arts~ Movies~White Mountains~ NYC~

Junior SWS American Studies field trips:
~White Mountains~Snowboarding~Newport Mansions~Philadelphia~local museums~

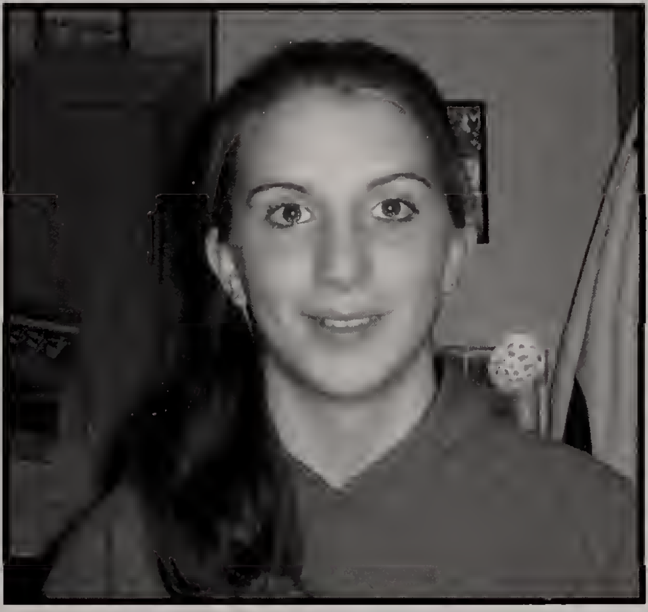
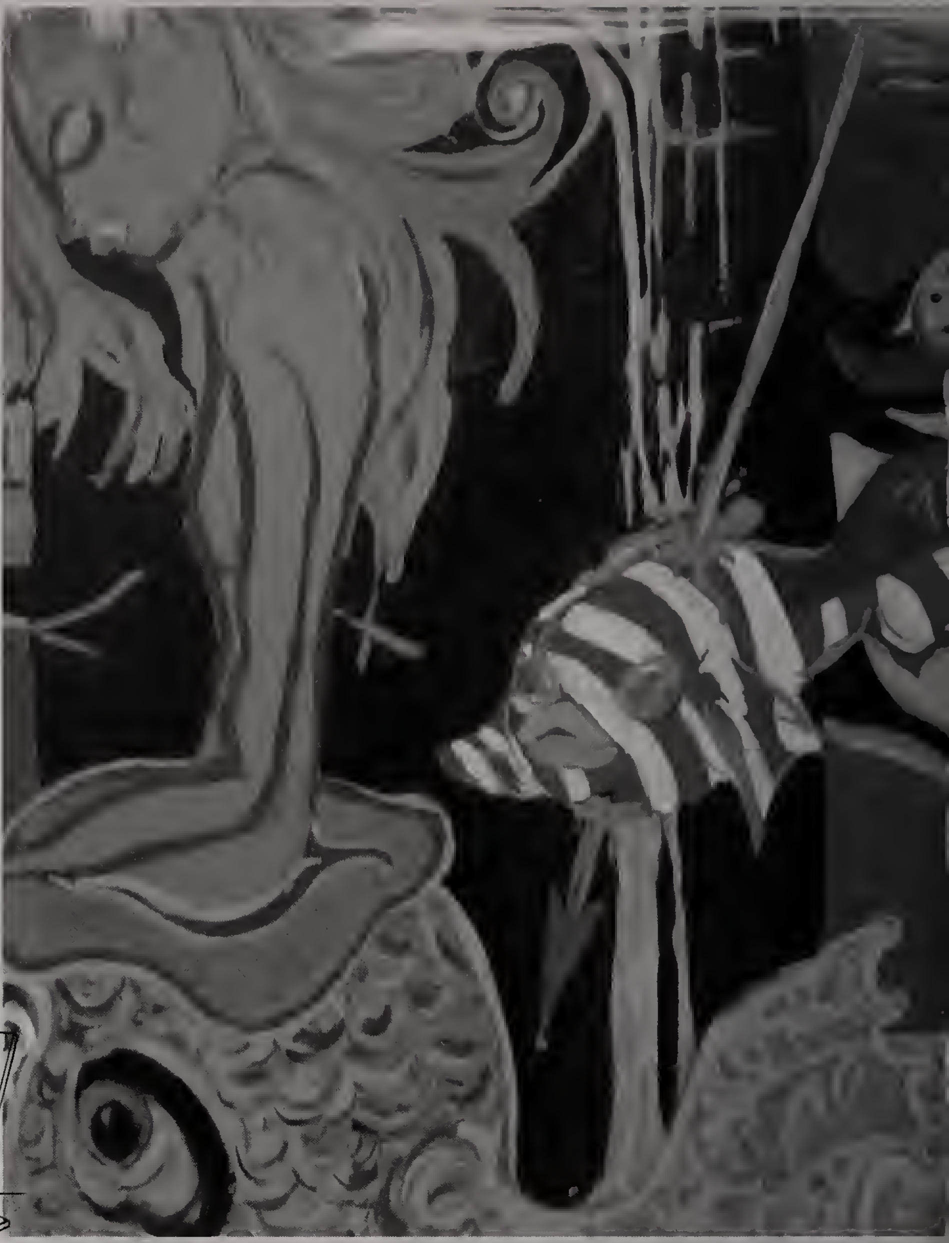
Atticus

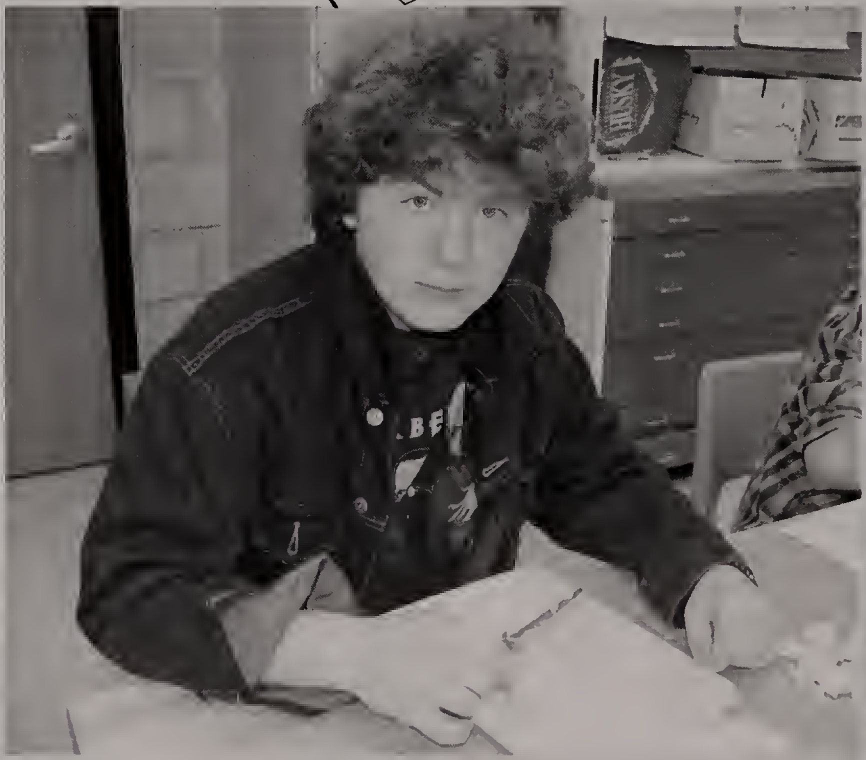


Voila! The chefs at Nauset were baking and decorating up a storm to complete their gingerbread houses for the holiday season.

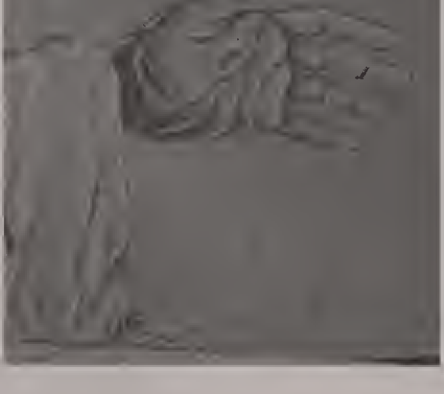
"Artwork for me, expresses the complex nature of emotions in a way that the spoken or written word can not achieve."
-Matt Parker, Senior



" Mr Hoyt...why are they taking my picture?"



Painting by numbers...?
Students are a step above, painting with watercolors on canvas, not paper.



The talent among us...
A portrait of an arm, by senior Robin Weldon.

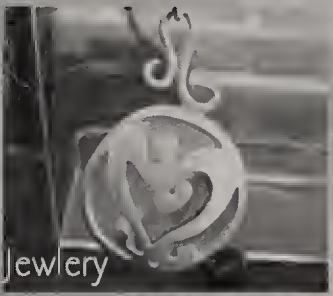
Nauset Arts

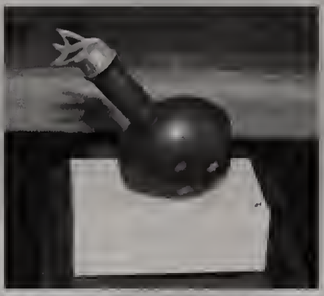
The Michelangelo's, Monet's and Rembrandt's in hiding...

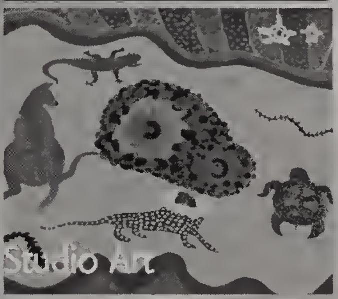
C-building, the resident artist haven is always bustling with the sounds of wood cutting, metal work, the scratch of the pencil on paper, and the whirling of the pottery wheel. Classes offered range from the basic drawing class to Honors Portfolio,reserved for the best of the best. Life long friends and masterpieces are made here under the fantastic, insightful, guidance of our art teachers.

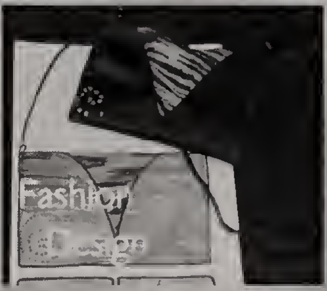
A far cry from finger painting.

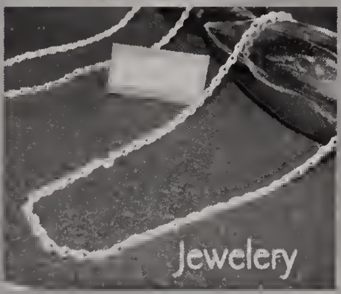
Beth Reddish works on a watercolor.

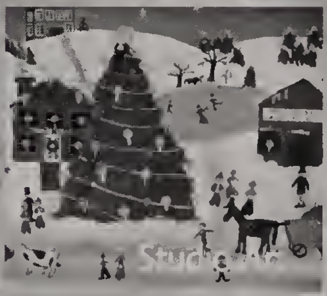


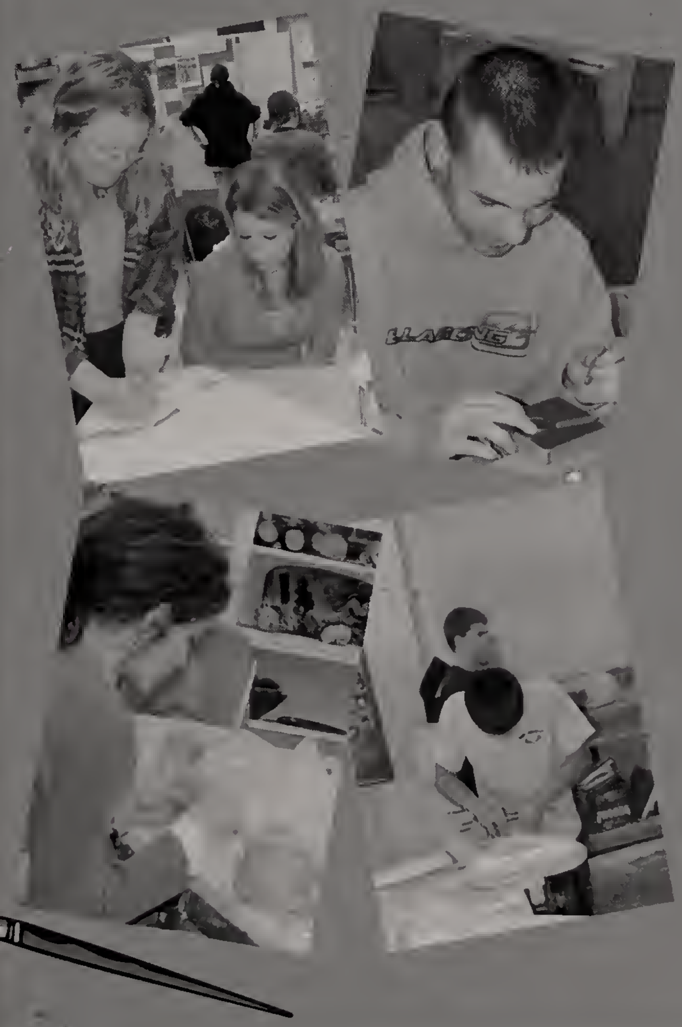












Studio Art

Ms. Frost's class covers everything from painting todrawing, sculpture, and even aboriginal art during the course of the year.

Jewelery Making

Not just for girls. Jewelery making is enjoyed by everyone who likes to play with fire and metal to create something beautiful.

Clay

If you don't mind getting clay dust in your hair and on your clothes, and making something beautiful out of a lump of clay, Mrs. Kandall's class is the place for you.

Guitar Building/Woodshop

Even if you don't know how to play the guitar or have never touched a hammer in your life, the smell of wood and the good humor of Mr. Hoyt can entice anyone.

Rolling...!

Being a Nauset News anchor isn't all fun and games. It takes hard work and determination to make a weekly t.v. show.

"I'm ready for my close up.."

NAUSET
NEWS

Say Cheese!!!

One of the video tech classes poses for a photo with Nauset News pride.

The video tech students aren't the typical AV kids one might see in a teen movie. They're regular kids who work behind the scenes to bring us news of what's going on in our school. Did the football team win a big game Saturday? You'll hear about it on Nauset News. Is the honors chorus going to Carnegie Hall? You can bet the community will hear about it from Nauset News. If you're ever stopped in the hall by a microphone and video camera, bad hair days beware, you may be on t.v. sometime soon.

Nauset News also offers special programs such as Prominent Profiles, where various members of the community share their stories with us.

Video tech classes are also responsible for taping many of the school functions. They never seem to miss a beat.

"Testing, testing..."

Preparing for the show, Prominent Profiles, hosted by Nauset students, give an in-depth look at fellow Cape Codders and their stories.

"Yes. I am the next Stephen Spielberg."

The video feed and the sound need to be in working order to ensure perfection.

"How does this thing work?"

All the students know how to work the video camera to be able to share in all the experiences of video technology.

Deleted Scenes

Before a show ever makes it on the air, its first stop is the editing room where students, with expert advice from their advisor, fine tune everything that goes on t.v.

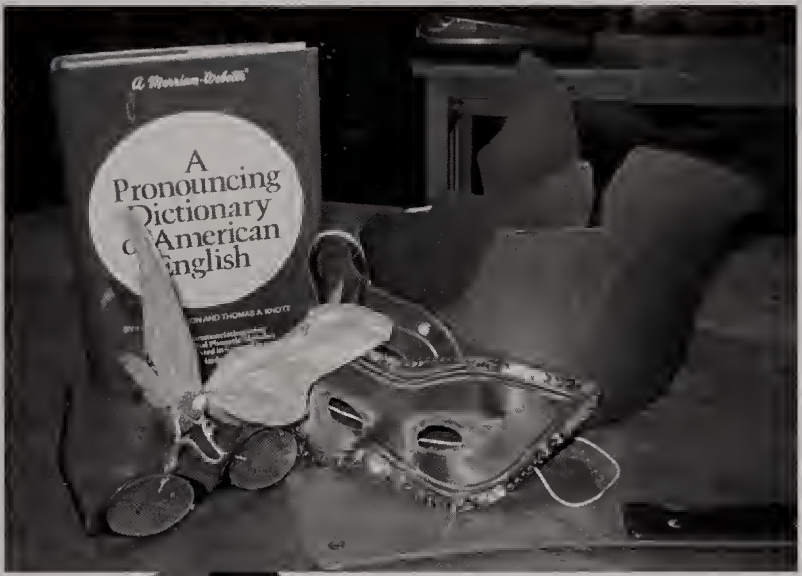
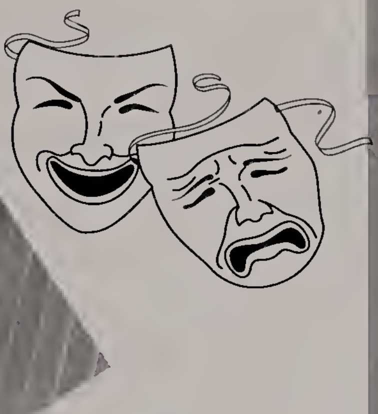
...the rising stars of Nauset Drama.



A Merriam-Webster
A Pronouncing Dictionary of American English



Bonds are made and hard to break in the hours spent together at rehearsals and performances within the Nauset Drama Department. No one understands a bad opening night, or missing your lines better than your friends who have all been there before.

From center stage to behind the scenes, the Nauset auditorium is bustling with freshman and seniors, *"divas"* and *"techies"* alike, coming together in appreciation of the performing arts. Led by Ms. Hamer, these talented young people are well on their way to becoming ***Superstars!!!***

Mollie Flaherty and Joe Ferriera know how to have fun in Jazz band practice.

Mr. Faris notices how loud the crowd gets when the band starts playing the Nauset Fight Song.

The band kept everyone up-beat and rowdy for the 2004-2005 pep-rally.

Percussion had everyone's attention when they played a unique set with trash-cans.

What band means to me..

"We like band because each class is different. There's always something to improve on, as an individual and as a group. The music that we produce is a great reward and the things that we learn are valuable in and out of school. Results not excuses."

Airlina Burrill, and Erin Leonhardt, Seniors

You are going to see a guy who will sacrifice himself for this team because he knows when it comes down to it, you are going to do the same for him. That's a team, gentlmen."

March Madness

A Leadership Class Project

All ages, including young children of the faculty families, enjoyed the student faculty basketball game.

"The goal of March Madness is to build a week full of activities so that kids have the chance to do something different. March is a long drawn out month and if we can switch it up and can help make a few kids smile, then it's all worth it...we've been doing it for two years, and each year its been growing with size and stature...the teacher's are very pleased and are willing to grow with it" explained Mr. Conrad. March Madness was started last year by students in the leadership class. Throughout the week, many activities and events were planned. For example, "Rock Night Revival" at the skating rink in Orleans brought many students out on Wednesday night. Then there was the student-faculty basketball game on Thursay night. On Friday the Nauset Ball Tournament took place, which was fun for both the players and the spectators. The week ended with a Celebrity Dance; the winner's of the costume contest were the cast of Gilligan's Island. Runners up included The Mad Hatter, Peter Pan and Tinkerbell, The Tomb Raider, and The Hilton Sisters. Who would have thought that Nauset had so many celebrities among us! Everyone agreed that it was a great break from the long boring winter we've had this year.

Pat Rutledge takes a shot at the Student Faculty Basketball game. Despite the tremendous effort by the students, the faculty was victorious. (right)

Another leadership class project was the Memorial Park developed near the athletic fields. Students worked hard creating a beautiful park. The transformation in progress is shown at left and completed park being enjoyed by many above.

The Cast of Gilligan's Island won the best costume contest. From left, the Professor, and Mary Anne, The Movie Star, The Skipper, Gilligan, and the Millioniare and his wife.

Dah-ling Don't You look Marvelous! The Celebrity Dance was a blast for all the famous people who showed up!

Susan Nicole Campbell

As my daughter, I'm proud of her achievements, her goals in life, her morals, and her attitudes towards the many things wrong (and right) in this world. As a sister, we're proud of her loyalities, her support, and even her rivalry. As a friend, again her devotion, her kindness, her humor and most of all, her heart makes us all very proud!

She's a fun, loveable and understanding person, who shows through her friends Susie, Rachel, Amy, Hanna and Alex. When any of them are together, laughter and silliness is all that goes on, even through the toughest of times. With Susan, I don't need to look forward to great things; great things look forward to her. Life just gets better from here! I LOVE YA, YOU DORK! -DAD-

Chris,

As one door closes in your life, a new one opens before you. Pause briefly at this threshold, and know that what you are leaving behind are memories that you will cherish for a lifetime. Hold your dreams close to your heart, approach this new door with great confidence, believe in yourself, be a great self-starter, and most importantly, don't give up and don't give in. Although life throws some curves sometimes, you can make it what you want it to be. You can make a difference to many people. You have a wide open, blank book in front of you, and only you can write the next pages.

Chris you are our first to leave home for college. As parents we want you to always carry with you our love, support and memories of growing up. We have shared so many happy times with you as a child and now look forward to making new memories with you, as you become an adult. Always remember how much love and support you have in this family. Always remember that family is forever.

What can you say about a person that when she walks into a room it becomes illuminated just by her presence? You have been a positive energy in our family since January 22, 1987 and we love you very much.

The only advice we have for you was written by Charlie Chaplin a long time ago:"If you smile through your tears and sorrow, smile and maybe tomorrow, you'll see the sun come shining through for you, if you just smile".

Alex,

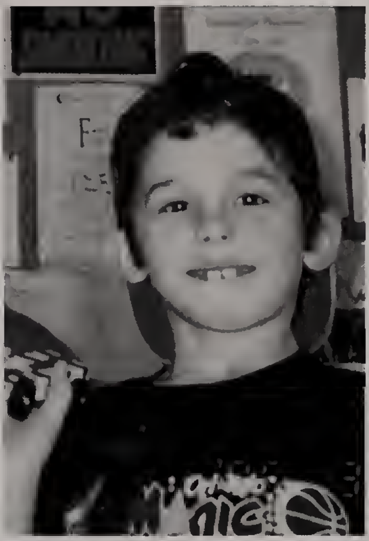
The years have gone by too quickly. Although we will never forget the adorable, inquisitive and precious little boy you were, we are so proud of the intelligent, thoughtful and mature young man that you have become.

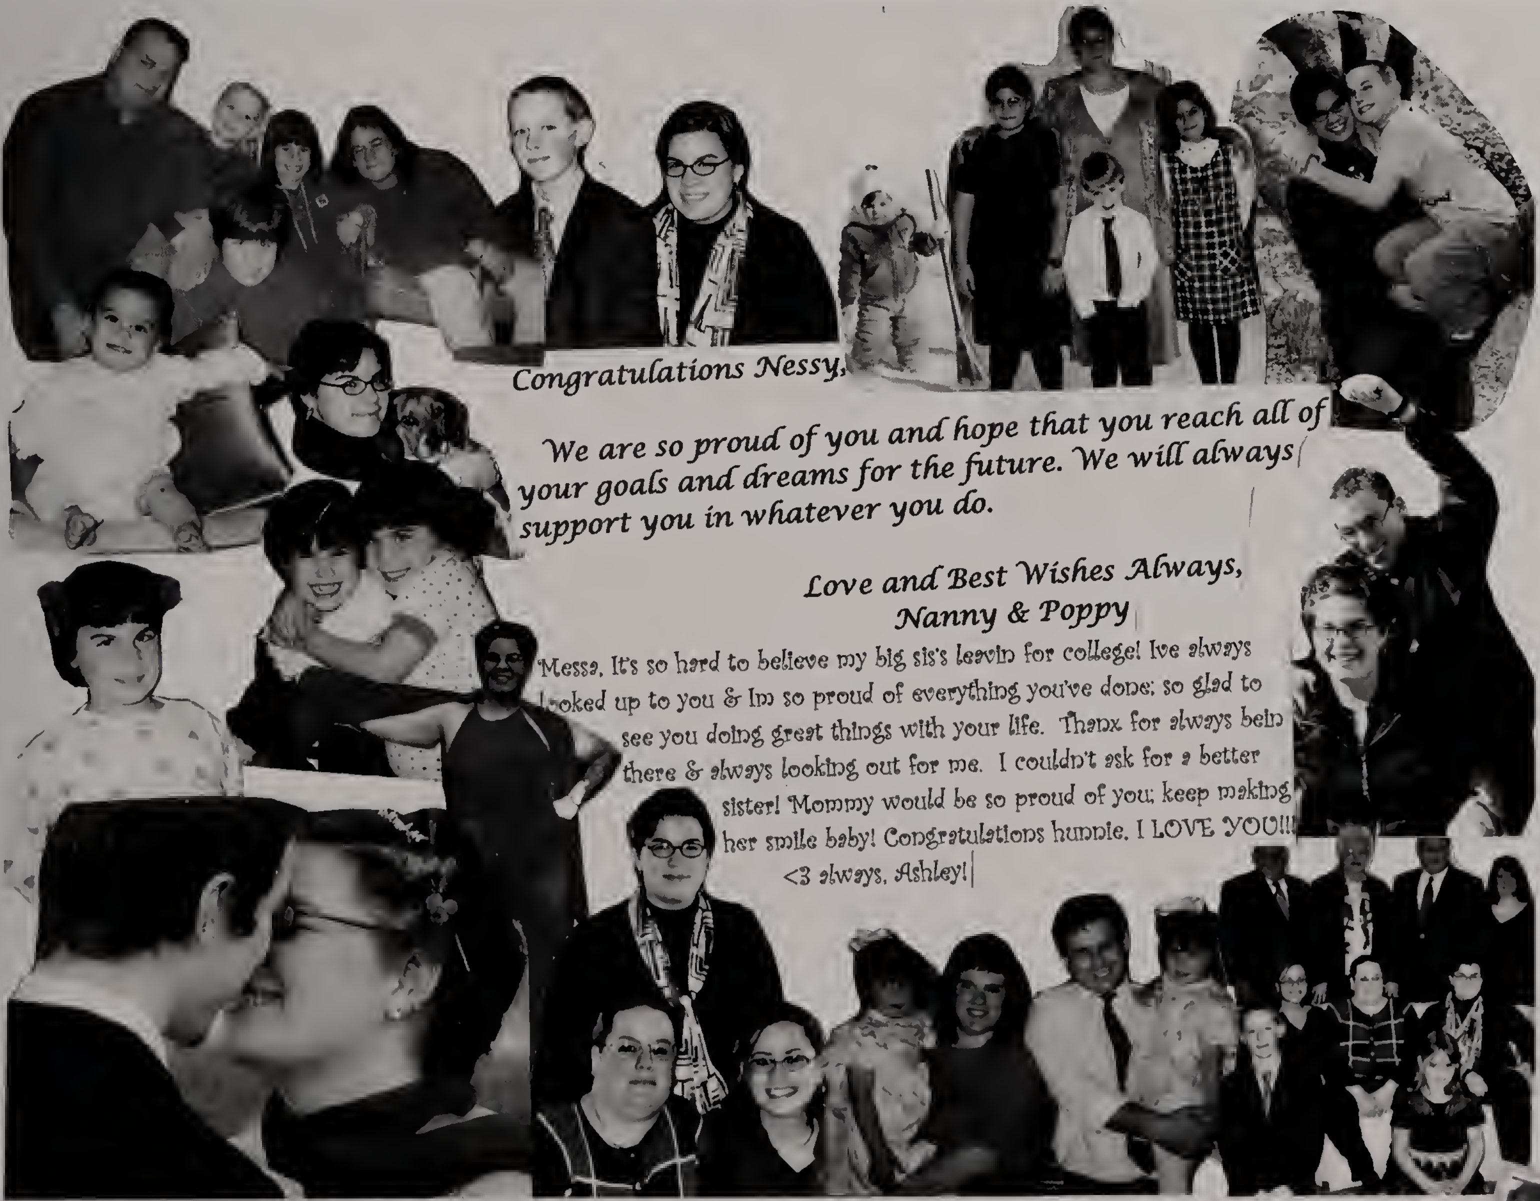
You have so many gifts to offer this world, integrity, decency and optimism. The only thing about you that is irreverent is your wicked sense of humor.

You have always had a mind of your own and have always been able to recognize life's absurdities (and make us laugh out loud at your observations). Your strong independent nature and adventurous spirit will serve you well, but always remember we are always in your corner cheering you on.

You always joked about being the overlooked middle child, but the heart is always in the middle.

Love, Mom, Dad, Derek and Jen





Congratulations Nessy,

Dee,
It has been such a joy to watch you
grow and become who you are.
You are everything a parent wishes
their daughter would be: loving, good,
kind, principled, honest, compassionate,
beautiful, independent, intelligent. As
you go forward, pursuing paths to
your dreams, please remember how
very much we love you.
We are so proud to be your parents.
With love,
Mom and Dad

From knocking down (someone else's) castles to creating your own masterpieces, you are the Best Bethie in the whole wide world! Each day is going to be as beautiful as you create it.

Do you wanna be a poet, and write?
Do you wanna be an actor, up in lights?
Do you wanna be a soldier, fighting for love?
Do you wanna travel. the world?
Do you wanna be a diver, for pearls?
Or climb a mountain, and touch the coulds above?
Be anyone you want to be,
Bring to life your fantasies.

Princess

I hope you never fear those mountains in the distance.
Never settle for the path of least resistance.
Livin' might mean takin' chances, but they're worth takin'.
Lovin' might be a mistake, but it's worth makin'.
Don't let some hell bent heart leave you bitter.
When you come close to sellin' out, reconsider.
Give the heaven's above more than just a passing glace.
And when you get the choice to sit it out or dance,
I hope you dance.
I hope you dance.

I ♥ You 56

We love you babe, Mom, Bob, Kelsey, Trevor, Nanie, Papa, G&G King

---

I hope you never lose your sense of wonder, You get your fill to eat but always keep that hunger,
May you never take one breath for granted, God forbid love ever leave you empty handed,
I hope you still feel small when you stand beside the ocean, Whenever one door closes I hope one door opens,

Promise me you'll give faith a fighting chance,
I hope you never fear those mountains in the distance,
Never settle for the path of least resistance,
And when you get the chance to sit it out or dance,
I hope you dance....I hope you dance

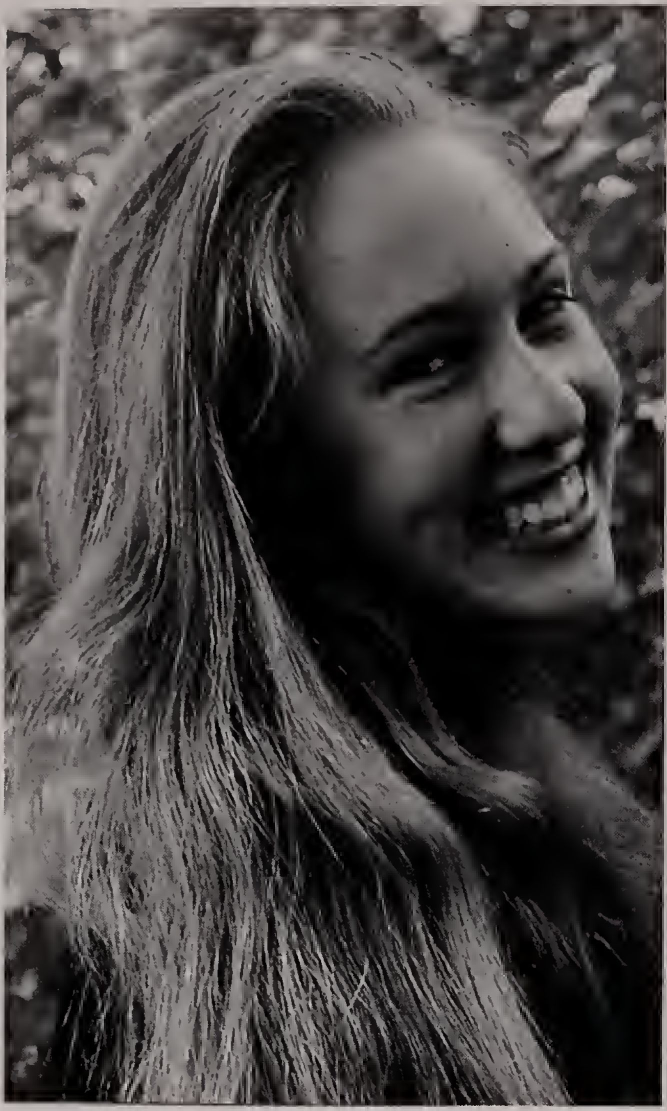
All of Us

WE LOVE YOU



I am writing this the morning we have returned from London, funny to think you won't read it until June, by then all these looming choices will have been made, college, homecoming dresses, and Scrooge. They will all have joined the ranks of memories. You have been a real trouper since your first cross country flight at three months, where you won the hearts of your fellow passengers with your terrific smile, yes sweetheart it was beautiful even then. Your travels have marked your growth from a waving toddler in DFW's airport, to an amazing teen who spent 24hrs on her own in Paris, to the remarkable young woman who just spent the weekend in London. So here goes with the memories; Road Trips (maps are for wimps). Noses on the carpet. Why do you want to be a budgie? Willy. I gave him a toy! I found my senior quote. Polly and Harvey, Miss Rumphius, Sweet Pea, Sweet Baboo, Sweet Cakes, Tree Stump, and yes, the dog food is finally funny.
Good Luck Boo! You'll be great wherever you go.
Last bit, remember when given the choice
" I hope you dance."

The universe in the immense lightness we felt.
The most shining moments when
We welcomed you not so long ago.
A baby girl, just like yesterday, we called Michelle
Intelligent, beautiful, elegant, and
A visable sign of invisable grace
A daughter, a soul friend forever
With your joy and love ever since.
Graduation day
An important step in your life, towards
another beginning
I'm sure you'll miss your teachers, school, and friends.
But a new beginning to many more
A new step to the future and a career

Michelle,
I'm going to miss you so much! Who else am I going to have American conversations with? Hope you'll have a fun new college life. Love Always, Eliza

Eighteen years ago in Connecticut's hills
A blond blue-eyed girl began learning life's skills
She sang, put on shows, danced, and dressed up
Moo-hoo and boom-ba are two words she made up
From age seven to twelve in Dubai U.A.E
Exotic, yet normal, it turned out to be
Puzzles and Scrabble, the park and the stables
The polka around the dining room table
Next, Truro Cape Cod for her years as a teen
A vibrant young women bursts onto the scene
Bike rides and surfing, long talks through the night
Learning to drive with all of her might

...These are some things I remember so well
Of the joys of living with my dear Michelle
To take on the world, I know she is ready
Her attitude's strong, her temperament steady
So here's to Michelle, from a very proud mother
You're special, unique-unlike any other!
Love, Mom

Christina,
Thank you for being such a joy. We are so proud of you and all you have accomplished. We couldn't love you more.

Let's not say goodbye
Because it will only leave me drying my eyes
Let's just say "so long" for in my heart
I know we will meet again
But every time you're not around
I'll just pick up your picture
And look at your beautiful smile
You're a wonderful person inside and out
I would never want to say goodbye
Not even for a little while
So when we are gone from outside these doors
You will forever and always
Have a special place in my heart

Haiti 2005

In February Lisa Brown, Valerie Bell, Joe McGrath and Arielle Magid embarked on a trip to Haiti to continue work on The Starfish Arts & Vocational Center (SAVC). This center has been in operation for four years and was created by Lisa Brown and Ellen LeBow through money obtained by a grant. The Arts Center promotes education and vocational training through environmental and artisan projects that in turn help support socioeconomic stabilty in the village. SAVC has an ongoing fish-farming project, a reforestation program, an artisan's collective and a community music program. All of the students involved have participated in fundraising events here at home, and have taken great pride and ownership in the programs they have helped to initiate in Matenwa. Three Haitian teachers from Matenwa Community Learning Center come to Nauset each Fall and observe new teaching modalities, speak to classes and give school wide lectures and presentations .

"*Nauset students* gain knowledge and insight into a culture that is not far removed from its African roots. Culturally and historically, students make connections to themselves and the world through this humanitarian experience."

The Yearbook Staff has been crunching all year to bring you the best yearbook we can. Brie and Sara have been working hard to bring the sports section up to 'par', chasing scores, rosters and team photos to make sure all athletes are accounted for. Ashley and Amber took charge of the classes, counting mugs and matching names with faces. Tara and Ali created the elementary page for a special blast from the past, the SWS pages, and all the clubs. Kendra, one of our editors, took on the faculty, chasing down those teachers who hid from the cameras! Sara, Vanessa and Amanda brought you the best of the best with the senior superlatives, while Sara and Amanda continued on with the music. Vanessa created the drama page and the winter sports, along with everything else that needed to be done *immediately*. Danielle and Kim put a lot of time into your memories, completing the parent ads with the help of Mrs. McGown as well as the sophomore candid pages. Brie Reynolds put together the baby page, with a little help from Kendra. Lindsey, one of our valuable editors, did the majority of the work on the senior section, spending long hours on the laptop reviewing and typing texts and making everything fit. Ms. Lebow spent many hours proofing pages and managing our yearbook funds. In the end we hope that our long hours and many efforts pays off and that you enjoy the 2005 Yearbook. The Yearbook staff gives special thanks for the cooperation and help of many others .... especially, Ms. Martin, Mrs. Dearborn, Mrs. MacDonald, Mr. Sullivan, Mr. Conrad, Mr. Milbier, Dr. Markovitch, Stan Johnson, and all the Sports Coaches.

The Class of 2005 dedicates the yearbook to...

Mr. Wilkinson

Mr. Wilkinson, known throughout the school simply as "Wilkee", has been teaching at Nauset High School since 1967, longer than any other teacher in the Nauset Regional District. He is described as "a caring, compassionate teacher" by our principal Mr. Conrad. For over 25 years he served as the head of the math department. During that time, he allowed his staff to choose what courses they wanted to teach and then taught the ones that no one else had chosen.

Wilkee is not only a teacher, he is a mentor, friend and coach. He has coached numerous sports including girls basketball, boys and girls golf and softball. He refs games at the High School and recreational level, coaches rec games and umps little league games. In 2002, he received the **AFLAC National Assistant Coach of the Year Award.**

Outside of school, Wilkee enjoys being the husband of a lovely wife, the father of two girls, and a grandfather. Showing his love for golf, Wilkee likes to dress preppy and spend his free time on the golf courses.

We, the Class of 2005, wish to thank Mr. Wilkinson for his compassion, patience and especially for his never-ending commitment to Nauset High School!

Summer air reminds me of,
friends that I've made and people I love.
Ice cream melts in the hot, hot heat.
As we listen to the ocean's rhythmic beat.
When the first leaf of autumn falls,
"Class time boys and girls" Dr. Markovich calls
So we scurry on our way,
To a new school day.
Winter frost,
brings school days lost.
An unexpected blizzard came our way,
turned our world white in one day.
April showers,
bring May flowers.
And high school's almost gone,
for the seniors who are almost done.
Time to say good-bye to teachers and friends,
Someday soon we'll meet again.
